**RE: Cochran v. ULTA Salon, Cosmetics & Fragrance, Inc.;**  
**USDC Eastern District of PA – Civil Action 20-4997**

Dear Judge Brody:

I have filed a motion to remove this matter from the arbitration program as the damages far exceed the \$150,000 cap. In addition, if this motion is for some reason not granted, I must request another continuance of the arbitration scheduled on February 21, 2023. I just learned from Mrs. Cochran's daughter that the family is taking her on a surprise trip to visit friends and relatives next week.

Thank you for your attention to this matter.

Very truly yours,
